October, 2020
Dear Pastor Wynn and church,

2Cor. 4:15 - For all things are for your sakes, that the abundant grace might through the thanksgiving of many redound to the glory of God.

"For all things are for your sakes," seems hard to understand specially with this pandemic that we are facing right now, but it's true and we should always give glory to God with thanksgiving.

We are still facing this pandemic as a result many of church activity was cancelled, but it doesn't mean we can't do something for God. As they said "if there's a will there's a way." Surely God has not given something that would lose our opportunities to serve Him but instead give as the privilege to test how strong our commitment to Him. As the Bible said "Job 23:10 But he knoweth the way that I take: when he hath tried me, I shall come forth as gold." Through this pandemic we can see who really are those who trust in God.

By God's grace we are allowed to gather 10% of the capacity of the church as a result, now we are having two services every Sunday morning. It is a blessing to see people coming despite this situation. It is also a blessing to have fellowship with 'God's wonderful people.' Last August 31 we had our adult's fellowship that was attended by more than 50 adult. We played Corn hole but the most important is we were able together and just have fun. Also last Sept. 26, the men had their fellowship that was attended also about 50 men. We played game, Ptr. Wynn prepared popcorn for our snacks and by God's grace we have enjoy the fellowship and was challenged by the Word of God the be faithful men.
It was also a privileged to conduct Bible Study in the Navarro residence. There are 6 people gather and listen to the Gospel of the Lord Jesus Christ. They professed Christ as their personal Savior. Please pray that they would be sure of their salvation.
Please pray also for my preparation to go to Indonesia as missionary intern, that God would work all things together for good and for His glory.

In God's Service,

Jezreel Tendero
