Dear Pastor Wynn and Grace Baptist Church Tacloban,

We pray that this letter will find you doing well. Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth (3 John vs2).

COVID 19- One year plus

It is always our desire that all our partners will become upbeat and excited about the work of God simply because we believe that it is what the dynamics of good news brings about. We are truly sorry to tell you that even now while writing, I write this letter in drudgery. But I want you to know that I just want to be honest and that all of us in this endeavor may pray fervently for strength in difficult challenges. I feel like its misery after misery and the only promise of comfort is a place in heaven. The statistics of local COVID 19 transmissions has totaled 700 in the Capital alone. In all of the 13 Districts only four was spared including Manatuto. The lockdown has been tightened to its worst as the only highway now were dotted with military checkpoints. NO in No out.

Flooding and Cyclone

Sunday April 4, the world celebrates victorious resurrection. It has been raining relentlessly for the last few days that when the cyclone become active it worsen the situation. We woke up preparing for the worship service and found ourselves surrounded by floodwater. The main river and nearby creeks were already overflowing and find its way into the low lying and densely populated areas. If the rain won't stop pouring in, it's only a matter of time that the whole city will be submerged. The next few hours is uncertain. Trapped in the middle, we decided to cross the other side when the Police Rescue provided a single stretch of rope to cross a strong current of about 50 meters. A horrifying and hair raising experience follows. Many lost their lives and belongings in the aftermath.

PLEASE PRAY FOR US. Thank you

His servant and yours,
