1 Thessalonians 5:18 In everything give thanks: for this is the will of God in Christ Jesus concerning you.

In spite of pandemic restrictions or any form of obstacles, in everything, give thanks!

Dear Pastor Howard Wynn & GBC Family,

Thank you for your response on God's great commission and your vision for the missionaries to propagate the Gospel beyond borders. I would like to extend my gratitude to you church, for humanly speaking, you have a big part of this journey through prayer and financial support. May the Lord continue to shower His blessings upon your ministry. Praying for you always for wisdom on how to handle this pandemic. My burden turned to be a blessing. My vision is already in the mission field. What a blessing it is to experience God's wonderful promise: where He guides, He provides!

Month of July

Bittersweet experience, I bought an expensive ticket due of Covid19, but before the day of my flight I was notified that there was a great chance that I could not make it. God's grace was sufficient. He controlled Pharaoh's heart, therefore, He could make a way also for my immigration matters and, indeed, my papers were granted. Blessed be His name!

Firsttime to fly outside the country by myself was quite an unpleasant feeling, but I thanked God for the courage, strength, and safety He had given me going to Tanzania, Africa. Am blessed to see the warm welcome of Pastor Jessie Tingson and the Church members. Good amount of African food welcomed me on the table. My reason to say this, is that, there's no regrets in following God's call. My first Sunday in Tanzania was on July 26 and it was their 3rd Anniversary in the Filipino ministry. Thank God for the privilege to preach and encourage the people to be faithful on God inspite of pandemic. Also that Sunday, in the African church, I had a wonderful experience though I could not understand their language when they were talking.

Month of August

Ministry for Kids were resumed after Covid-19 issues here. I thanked God for Pastor Jessie for the privilege he has given me to be exposed and to learn the ministry in Africa and to observe their culture. I made a plan for the whole year activities for the kids program, also, in the young people's program, to train more Sunday school teachers to be effective in the ministry, by God's grace. Also, am taking a language study thrice a week. For my culture study, Pastor Jessie is my mentor. We would talk often about it and relate it in the ministry. I covet your prayer. Please pray that God will give me wisdom on how to handle various ministries that He entrusted me and strengthened me to execute.

Month of September

We continue our program, where every Saturday afternoon is our kids' extension ministry. Our visitation is every Thursday for both Filipino and African people. I also had experienced tracks distribution and also to survey for future ministry whenever we went to different cities. Third Thursday of this Month, through God's grace, I was able to share the Gospel to Bro. Bonifas, a 24 year old guy. According to him, he was saved already but after I questioned him about baptism, now he is interested to be baptized. Lord willing, Pastor Jessie will follow up him. It was hard to communicate for he is zero knowledge of English. Thanked God also for the young people who was willing to be my translator. I bring all the honor and Glory to God.

Your Servant In Christ,

Bro. Kim John Lim
